Depart from your hotel to visit Red valley through Cavusin and explore the famous rock-cut churches and hike 2 km. Then visit Cavusin village. Old Cavusin was abandoned several decades ago due to avalanches. The current village of Cavusin is located on the road. Old Cavusin, with its rock-cut dwellings and stone houses, had several hermitages. After lunch drive to the Pigeon Valley. In the afternoon visit Underground City, where early Christians lived in fear and faith. The houses in the village are constructed around the nearly one hundred tunnels of the underground city, which is one of the most interesting underground settlements in Cappadocia. The underground city was originally carved out as eight floors; however four floors are available to visit. In wartime about 5000 people can refuge in. The tunnels are still used today as storage areas, stables, and cellars.
